

Examination Results 2024

Summary

Our aim at Bridgewater is for every student to achieve their personal best, whether that is a grade 9 or a grade 5. Our students consistently achieve and exceed their targets; typically achieving 3 times the proportion of top grades compared to baseline targets. The number of students achieving the national benchmark of 5 or more good GCSE passes has been consistently at and above target, with many individual outstanding performances.

At A Level we pride ourselves not only on our students' results, but also on the superb individual guidance they receive that enables virtually every student to secure a place at their first choice of university or Higher Level Apprenticeship. In summer 2024 a perfect pass rate of 100% was once again achieved, with success extending across a diverse range of A Level subjects. Students have subsequently embarked on exciting journeys to some of the country's most prestigious universities, with degree courses secured in such subjects as Aerospace Engineering, International History & Politics, Sports Journalism, Artificial Intelligence, and Law.
