

Examination Results 2025

Summary

Our aim at Bridgewater is for every student to achieve their personal best, whether that is a grade 9 or a grade 5. Our students consistently achieve and exceed their targets; typically achieving 3 times the proportion of top grades compared to baseline targets. The number of students achieving the national benchmark of 5 or more good GCSE passes has been consistently at and above target, with many individual outstanding performances.

At A Level we pride ourselves not only on our students' results, but also on the superb individual guidance they receive that enables virtually every student to secure a place at their first choice of university or Higher Level Apprenticeship. In summer 2025, their academic excellence combined with the quality of applications helped secure places at some of the UK's most prestigious Russell Group universities. Degree choices were as diverse as they were inspiring, spanning Medicine, Educational Psychology, Urban Planning, Occupational Health, Geology and a variety of Engineering courses including Nuclear, Chemical, Software and Sound.
